Breeders please consider joining the PWDCC Breeder list on our club web site. Your fee of \$100.00 for the year, with an additional fee of \$50.00 for a web site link, supports PWDCC Rescue and gives you the opportunity to promote your kennel and align yourself with ethical breeding practices. When you have a litter due, forward to Cindy Bérubé a completed Litter Due Listing Form with all the supporting health documents/or reference your PWDCA H&L Database entry and she will activate the LITTER DUE ENTRY, with your date right beside your name.

It's time to renew your PWDCC membership for 2008.

Planning for events in Ontario will take place Jan. 19, contact Donna Gottdenker, donna@pwdcc.org to get involved. Look for our Beginners' Water Camp, Fun Day, our 5th Water Trial, and much more. And why not plan events in your area, contact Donna for info, create a Branch and make it official.

To renew fill in the forms enclosed and also available on www.pwdcc.org. If nothing has changed, just print and sign your name and enclose your cheque. Or use the PayPal option, go to www.pwdcc.org home page application form. Just remember if you use PayPal please fill in a form and send it to Henri.

Mail your form to Henri Bérubé, our membership coordinator, Henri Bérubé, 4249 Flitter Court, Mississauga, Ontario L5L 2J5

PWDCC Code of Ethics

Take a minute to read the PWDCC Member Code of Ethics. It applies to each and every member and especially our breeders and stud dog owners.

If you have any questions please call Henri. Those who renew by January 31 are eligible for a draw of 15 beautiful enamel PWDCC lapel pins.

ThePresident'sLetter

Year end

The year is winding down. The BIG dog events for 2007 are mostly over and its time to reflect and plan for next year. The club is in good shape, our finances are great, in part thanks to the members who support the donation program that is part of your membership renewals. We offer you the opportunity to support health, events, the Specialty, Rescue, etc. and many of you give generously.

The membership has grown. I'd like to thank the breeders who support the New Puppy Program and offer their new owners an introduction to the club. The retention is quite reasonable as people see that the club offers something for every level of involvement from pet, performance to conformation, therapy and beyond.

Rescue has helped with rehoming some older PWDs recently. Although not officially Rescues, Mari did facilitate the original owners finding suitable homes. These owners, dealing with the pain of parting with their loved PWDs, at least had the comfort that the Mari had qualified the homes.

Plans are underway for the 2008 Specialty in Abbotsford B.C. Chair Mavis McClintock is looking for volunteers to help. Herb Szauerzopf is looking after donations, contact him if you want to sponsor, herb@pwdcc.org. You can contact Mavis at samador@shaw.ca. The show is being held in conjunction with the Lower Mainland Dog Fanciers Show, the largest in Canada. Over 1,200 dogs in 4 days, leading off with a Working Group Specialty and our Specialty on Thursday and

concluding on Sunday. Each day there is an All Breed show, Obedience and Rally-O Trial. You can finish your dog in one weekend! So think about participating or volunteering!

The Board has received its first Branch application from Ontario. By far our largest group, Ontario has stepped up to organize. Remember you only need 10 active members to petition the Board to form a Branch.

Included with this issue are the membership and Breeder Program renewal forms. Don't delay sending them in for 2008 membership. If your membership is not received before April 1 you become a lapsed member and have to go through a posting before being activated. You might miss an issue of the Waterlog. Don't let it happen to you!

The Board of Directors and Officers will be holding an election for 2008 and announcing the AGM shortly. Look for the nominating slate and call for other nominations. You can find out more about the process on our web site, under Club Info. Deb Barcon, Donna Gottdenker and Audrey Hawthorne have resigned from the Board effective December 31, 2007. We thank them for their years of service and will miss them!

And finally, enjoy the holiday season with your PWDs, see you in the new year!

From Alberta

PWDCA National Specialty October 2007

I'm very proud to say that the Alberta Group made a great showing at the PWDCA Nationals in Ventura. A whopping 10 members making the long trek to Ventura, California whether it was by land or air – it was great to see. Some went to participate others were there to support, and to check things out – but all went to have a good time.

How did we do? Well I think we can be proud.

Fun Day Report September 23, 2007

It was a gorgeous day in September for
our annual PWD Fun Day. With over
30 dogs and their families attending,
it was nice to see them running and
playing so well together off-lead. The
day started with a hike in the back trails
and ended with a great group photo.
Thanks to Eden Veres who was our
faithful leader of the pack and Jim Veres
our watchful eye at the back to pick up
any slow pokes.

The day was filled with exciting games,
prizes supplied by Nestle Purina. Cindy
Bérubé and her faithful furry companion
Nemeau demonstrated Obedience, Rally

and ended with a wonderful Water Work show. Hot dogs on the BBQ were offered for lunch and boat rides with your dog, were popular with proceeds going to PWDCC Rescue.

Thanks to Cindy, Harry and Brennan Bérubé, Jim and Eden Veres, Kit Hagerman, Herb and Sara Szauerzopf, and Donna Jerome who helped make this Annual event a huge success. See you next year.

The Nutmeg Water Trial

September 8/9, 2007

It was the second year for our road trip to Farmington CT for the Water Trial put on by the Nutmeg Group Sept. 8/9.

Little Bogart and Sarah joined us and we all had a fantastic time... and a successful one!

Ch Belouro's Diamante got her WWD.

"Dia" and "Tag", Ch Hunter's Black Tagus' son, Bogart got his JWC at barely 6 months old with his amazing handler doggie Mom, Sarah!

There's a great group of folks there too and they had a good turn out for the trial. Saturday's trial was full at 30 entries and Sunday's was almost as full with a few move ups and many successful teams.

Also from home, our own Cathy Gadd did her Provisional Judging under Judge Ruth Garcia... and a great job they did!

The atmosphere was very nice, supportive and FUN for everyone!

Jane Freeman and the group invited us to join them at a local restaurant after the Saturday Trial where we enjoyed a fabulous dinner and great conversation.

Yes, Dia got a little too excited retrieving the gear bag, shaking it like a rag doll tearing the seams impatiently to get at the goods!

Special thanks go to Ginnie Santoli, who fortunately for us, brought a water gear repair kit and even did the expert repair job on Dia's gear bag!

Thank you Ginnie and the Nutmeg Group! It felt like home

Gillian Goldschmidt lives in Hawkstone, near Orillia ON with her husband Frank and the Belouro crew.

Clockwise from top left: Judge Ruth Garcia, Dia and Gillian.

Sarah and Bogart.

You were the beginning
of everything,
a gift of happiness,
humour,
such a character
dear in our hearts
always missed,
forever remembered.

Does Your Dog Snore?

We all snicker when the family dogs snores. We make jokes when our spouses snore. But snoring can be no laughing matter and can be a sign of serious illness in dogs.

Causes of Snoring

Snoring in dogs can be caused by a variety of conditions. First, we need to consider the breed. Brachycephalic dogs – those with snub or flat noses (Shih Tzus, Bulldogs, Boxers, French Bulldogs, Pekingese, Pugs and Boston Terriers) often snore because their nasal tissue vibrates when the air goes in and out. However, dogs with a less extreme facial structure may snore if there is an underlying medical problem. Overweight dogs are candidates for snoring because the tissue in the back of the throat becomes enlarged. When air passes over this tissue, it makes a rattling sound – which you hear as snoring. Snoring can also be caused by laryngeal paralysis (loss of function or feeling in one or both vocal folds) in large-breed dogs. Other structural anomalies that may occur in short-nosed dogs include:

- an elongated soft palate whose tip protrudes into the airway;
- everted laryngeal sacculles: tissues within the airway that are pulled into the windpipe, partially obstructing airflow;
- aaryngeal collapse: collapse of the larynx, the cartilage that opens and closes the upper airway.

In any dog that snores, you must also consider nasal tumors – benign or malignant – may be the cause of the problem. How do you know if snoring is just an annoyance or a symptom of a serious condition? Call your veterinarian if your dog:

- gasps and wheezes while awake;
- has a change in voice;
- is obese;
- pants;
- coughs, wheezes, sneezes or gags

- takes rapid breaths or heaves her belly while breathing;
- is snoring worse than before;
- has a discharge from the nose or mouth for two or more days;
- has a pale or blue tongue or gums, indicating that she may not be getting enough oxygen;
- starts retching.

Your veterinarian will first do a general exanimation and take a medical history to rule out respiratory conditions such as asthma or bronchitis. Next, an examination of your dog’s nose and mouth will be conducted to see if nasal polyps or other obstructions are causing the noise. Minor surgery may be recommended if your dog has tiny or flat nostrils to widen them, thereby allowing air to pass through more easily. Laryngeal collapse also requires surgery. If a tumor is suspected, your vet will likely refer to a facility for an MRI or CT scan. If obesity is the issue, a change in diet and more exercise may be warranted as weight loss is essential to ease the dog’s breathing.

Simply put... snoring is no laughing matter and can be related to a more serious health condition.

PET PEEVE: Being told “NO!”

FAVOURITE NON-CONSUMABLE: Is there a non-consumable? My Mom says I eat too many sticks – does that count?

SPECIAL SKILLS: Drinking out of the sink when the water is running, it took a wee while to do that because I had to grow big enough!

BIGGEST CATASTROPHE: Mom watches me too closely but I’ll keep trying...

BATHING AND GROOMING TOLERANCE: I don’t really like it much but I put up with it not like my great Aunt Meia-noile.

FAVOURITE DESTINATION: The Island that my human Mom and Dad own. It’s the best cause we can go anywhere we like and we’re surrounded by water – what more could a PWD want!!!!

TOYS OF CHOICE: My stuffed Ducky that I got when all my siblings went to their new homes.

MOST ASHAMED OF: I could never be ashamed of anything it’s not in my nature.

Rigley’s favorite activities include sea kayaking with his mom, playing in cold ocean waters and dashing about the yard like he has lost his mind. The highlight of Rigley’s week is making a trip into town for his “puppy class” and a visit with the neighbors. His love of people and other dogs is apparent when all four paws come off of the ground at the sight of other canines or humans. Rigley continues to learn about boundaries – where he ends and where other’s begin! His affectionate nature with both children and the elderly is a blessing to our small community.
